

**FAVA 1026 Weekly Assignments = 30%**

Weekly studio assignments will be started in class, and completed outside of class time. These assignments will give you the opportunity to develop and refine the skills that pertain to a particular method of production and apply skills/concepts learned during class. Depending on the assignment, each weekly assignment may or may not be followed by a sharing session. Each weekly assignment will be created in a larger format than works created in the journals. You will receive constructive feedback for each weekly assignment and you will have time to revise any works based on this feedback. **Choose three of your weekly assignments for evaluation (3 x 10% = 30%); these are due by Friday, November 3, 2017 in M106.**

**Evaluation Criteria:**

Assignment	Comments
Changes made based on feedback /2	
Composition/design /3	
Technical skill with medium/media /5	
Total /10
